## ARTIST STATEMENT

Water will find its way...

It's what I will not be able to separate from my life - water. I remember that day vividly when I saw it for the first time. Whether it was a tiny pond, or the sea, my early days were filled with sparkling flow of water. And I was overwhelmed by its never-ending expanse, making me realise how insignificant I was. Slowly and gradually, water grew around me. Engulfing me, surrounding me, unknown to me, it was flowing through my being, making me part of its existence.

Many years later and without any conscious effort on my part, water began to find its way into my life, my whole being, and eventually my art. Water is an embodiment of truth, honesty, and spirituality. I am forever mesmerized by the grace of this wonderful entity. In fact I derive my energy from water. To me, water means the universe - the hidden universe. And I am exploring it through my art.

I welcome you to this journey in the realm of water. Ride the wave of feelings and let it show you the way. Come with me and feel guided by the flow of this astonishing art ensemble.
